

VAST STOCK

GENERAL TRADING L.L.C

VAST STOCK GENERAL TRADING LLC-SPC

VAST STOCK GENERAL TRADING LLC-SPC (hereinafter referred to as "Vast Stock") is a versatile and fast-growing company engaged in the import, export, and distribution of a broad range of products across multiple industries. With a strong commitment to quality, efficiency, and customer satisfaction, the company has established trusted partnerships with global suppliers and clients.

Its operations are driven by innovation, integrity, and excellence, allowing it to meet the evolving demands of both local and international markets. VAST STOCK aims to deliver reliable solutions and long-term value through its diversified trading activities.

COMPANY OVERVIEW

VAST STOCK is a leading supplier and distributor of high-quality building and engineering materials, serving the construction industry with reliability and excellence. We offer a wide range of products including cement, steel, plumbing, electrical, safety and finishing materials sourced from trusted global manufacturers. Backed by a team of experts, we ensure timely, cost-effective solutions tailored to contractors, developers, and builders. More than just a supplier, we are a committed partner in your project's success-delivering value through quality, service, and long-term support

OUR MISSION

Vast Stock provides high-quality building and engineering materials with exceptional service, becoming a trusted partner for contractors, developers, and builders. We aim to deliver reliable, tailored solutions that add value through innovation, efficiency, and a commitment to client satisfaction at every stage of the construction process.

OUR VISION

Our vision is to be a leading provider of building and engineering materials ,trading services, known for quality, integrity, and a customer-first approach. We aim to support sustainable and successful construction projects worldwide, contributing to the growth of the global construction industry

WHY US?

At Vast Stock , we know your project's success relies on top-quality materials and trusted suppliers - that's why we're your preferred supply partner.

EXTENSIVE INDUSTRY EXPERIENCE

With deep experience in building and engineering materials trading, we deliver quality products and smart solutions for projects of all sizes.

HIGH QUALITY PRODUCTS

We source premium materials from leading global manufacturers, supplying reliable solutions for construction, infrastructure, and engineering works, all meeting international standards for quality and durability.

COMPETITIVE PRICING

We deliver cost-effective, high-quality materials through direct manufacturer ties and efficient supply chains-ideal for budget-conscious clients.

TIMELY DELIVERY

Our dedicated logistics team ensures on-time deliveries, keeping your projects on schedule without delays

CUSTOMIZED SOLUTIONS

Every project is unique; we offer tailored solutions, from rare materials to bulk deliveries

EXCEPTIONAL CUSTOMER SERVICE

We're with you every step from consultation to post-delivery, offering expert, personalized support.

SUSTAINABLE PRACTICES

We prioritize sustainability, offering eco-friendly materials from responsible suppliers to support green goals.

RELIABLE PARTNERS FOR LONG-TERM SUCCESS

At Vast Stock, we're more than suppliers, we're your trusted, long-term construction partner.

Choose Vast Stock for reliable, efficient supply and top-quality materials to power your projects.

PRODUCTS

Vast Stock supplies a comprehensive range of high-quality construction materials, including cement, steel, timber, bricks, glass, metal sheets, and scaffolding systems. The company also offers construction chemicals such as waterproofing agents, sealants, and bonding compounds.

In addition, Vast Stock provides materials for all types of projects, including oil and gas, water, power, and infrastructure. The company supplies plumbing, electrical, HVAC systems, insulation, fire and safety equipment, as well as interior and exterior design elements. With a strong focus on reliability and timely delivery, Vast Stock supports projects of all sizes through bulk supply and customized sourcing solutions

LONG & TUBULAR PRODUCTS

Our mission at Vast Stock is to supply high-quality building materials and specialized iron and steel products including pipes and tubes with exceptional service. Our product portfolio includes reinforcement steel (rebar), structural steel sections, bars and rods, wire rods, galvanized products, bare and coated pipes, oil and gas tubular products, construction and infrastructure pipes, as well as mechanical and precision tubes.

We aim to deliver reliable and tailored solutions that add value through innovation, operational efficiency, and a strong commitment to client satisfaction at every stage of the construction and infrastructure development process.

FLAT PRODUCTS

We offer a wide range of flat products including metal sheets, galvanized steel, coated sheets, stainless steel, glass, wood, composite materials, and roofing solutions. These products provide reliable and efficient solutions for traders, manufacturers, and construction companies to meet diverse project requirements with confidence.

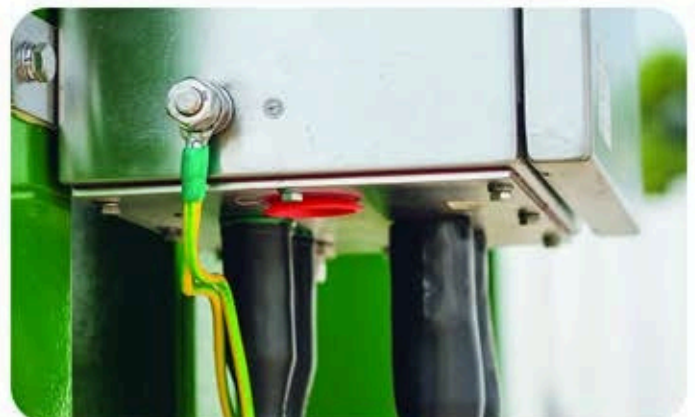

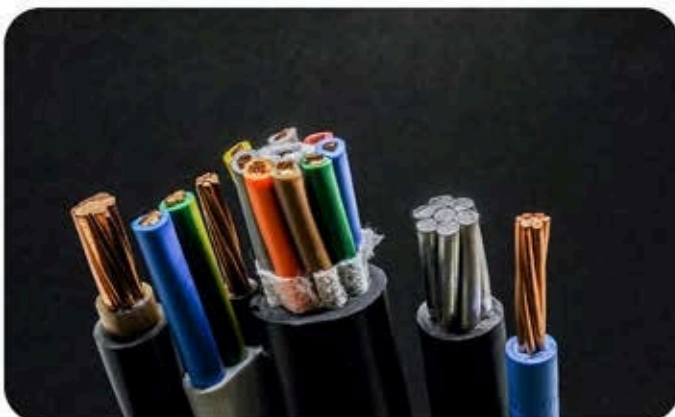

SAWN TIMBER PRODUCTS

Our sawn timber is sourced from premium-quality wood and processed to high standards. Available in various sizes and finishes, it's ideal for construction, furniture, and design projects. We offer both rough sawn and planed options to suit your needs

ELECTRICAL

Engineered for safety and efficiency, our electrical solutions cover a comprehensive range of products including cables and wires, wiring accessories, earthing and lightning protection systems, industrial and residential electrical products, transformers and power equipment, automation and control products, and other essential electrical equipment. Designed to meet the demands of both homes and businesses, our solutions deliver consistent quality, performance, and reliability.

PLUMBING

Our plumbing solutions deliver reliable and durable products for residential and commercial applications, including plastic and metal pipes, pipe fittings and accessories, sanitary ware, bathroom and plumbing accessories, water supply systems, drainage and sewer systems, as well as valves and flow control solutions. Designed for performance and longevity, our products support efficient installation and dependable operation across all project types.

HAND TOOLS

Our versatile and durable hand tools are designed for professionals and DIYers alike, suitable for everything from household repairs to demanding industrial projects. Our range includes spanners and wrenches, screwdrivers, pliers and cutting tools, striking tools, measuring and layout tools, cutting, shaping, and finishing tools, plumbing and electrical hand tools, carpentry and woodworking tools, masonry and construction hand tools, as well as tool storage solutions.

SAFETY EQUIPMENT

Our safety equipment range is designed to protect professionals across residential, commercial, and industrial environments. We supply fire and safety equipment, road and site safety products, emergency equipment, welding and specialized safety equipment, and full body protection gear. Built for durability and compliance, our solutions help ensure safe working conditions across all project types.

CONSTRUCTION CHEMICALS

Our construction chemicals are designed to enhance performance, durability, and protection across a wide range of applications. Our product range includes concrete admixtures, waterproofing chemicals, repair products, grouts, flooring and surface protection systems, sealants and adhesive systems, as well as protective and anti-corrosion coatings. Engineered for reliability, these solutions support quality construction, maintenance, and long-term structural integrity.

POWER TOOLS

We offer durable and efficient power tools designed for professionals and DIYers, suitable for all types of projects. Our range includes drilling and fastening tools, cutting tools, grinding, sanding, and polishing tools, concrete and masonry tools, woodworking power tools, metalworking power tools, air and pneumatic power tools, along with a wide selection of accessories. Built for performance and reliability, our tools support precision and productivity across applications

CONSTRUCTIONS MATERIALS

At Vast Stock, we supply a comprehensive range of high-performance construction materials that support the strength, durability, and finish of buildings and infrastructure. Our offerings include cement and aggregates, blocks, bricks, and masonry products, steel and metal products, roofing and cladding materials, wood boards and carpentry materials, flooring and finishing materials, drywall and ceiling systems, and scaffolding solutions.

INSULATIONS

Vast Stock offers high-performance insulation products that enhance energy efficiency, comfort, and durability. Our range includes thermal insulation materials, acoustic insulation materials, roofing and external wall insulation systems, industrial and high-temperature insulation, protective insulation solutions, as well as accessories and installation materials. Designed for thermal control, soundproofing, fire resistance, and moisture protection, our insulation solutions support safer, more sustainable construction and reduced energy costs.

ENGINEERING PRODUCTS

Vast Stock supplies a wide range of engineering products including pipes, fittings, flanges, gaskets, fasteners, and valves in CS, AS, and SS materials. Our portfolio also covers HVAC products and flexible hoses, supporting oil and gas, industrial, infrastructure, and commercial projects with reliable, standards-compliant solutions delivered through efficient sourcing and timely supply networks.
